NO. 297—EIGHTY-SEVENTH YEAR VICTORIA, BRITISH COLUMBIA, SUNDAY, DECEMBER 2, 1945 THIRTY-TWO PAGES

Arrest 76 German Industrialists in Secret Ruhr Raid

British Security Police Surprise Leaders—Face Possible Charges as War Criminals

ISERLOHN, Germany, Dec. 1 (AP).—British security police, striking secretly last night and early today in simultaneous raids throughout the Ruhr, arrested 76 German industrialists, described by a senior British officer as "leading members of the most dangerous class in Germany."

Hundreds of British troops and special investigators staged the dramatic precision raids. The czars of Germany's steel and iron industry, surprised in their luxurious food-stocked mansions, face possible charges as war criminals.

The round-up, which began at 11 p.m. and continued until 3 a.m. in Dortmund, Essen, Duisburg, Düsseldorf and other centers, caught the industrialists in circumstances, varying from drinking champagne to taking stomach pills before retiring.

So well planned were the raids that only seven of the original arrest list escaped. A British intelligence officer said it was only a question of time until these would be arrested and sent to an internment camp with the others for indefinite detention. Among those rounded up were eight directors and advisors of the vast Krupp works.

The British spokesman said the raids constituted a partial application of the Potsdam policy that German militarism and Nazism must be wiped out. Removal of the industrialists "from the world of affairs," he said, "is a necessary preliminary to the reconstruction of German society."

Volumes of documents and records of the whole gigantic Ruhr industry which equipped Hitler's war machine, are in the hands of British and American intelligence experts, the officer said. After

Discharged Men Seek City Relief

Veterans' Official Explains Reasons

Discharged men are beginning to come to the city for relief in greater numbers, E. G. Snowden, city welfare officer, said last night, regarding a report made by the social welfare committee of the City Council on Friday that four war veterans had applied to the city for relief and assistance.

Two of the four men in question had been sent to him by the Department of Veterans' Affairs, he said. He has not been able to help them much. For the last two years his department has not been allowed to aid single, employable men, and all four men mentioned are classified as single.

Major S. H. Okell, assistant district administrator here for the Department of Veterans' Affairs, said last night that out-of-work benefits are provided for veterans by his department from 30 days to 18 months following his discharge.

However, he said, benefits are provided on the basis of a "month's benefit for each month of service" up to a maximum of 12 months' benefit. He said benefits are not paid after a man has been discharged for 18 months. For example, a man with four years of service who applied for out-of-work benefits 18 months after date of discharge would receive benefits for only two months.

The two men sent by his department to Mr. Snowden had both been discharged more than 18 months, Major Okell said, and therefore were not eligible for Department of Veterans' Affairs assistance.

Will Make Parts For Rival Firms

DETROIT, Dec. 2 (AP).—Striking C.I.O. United Automobile Workers agreed today to relax their strike against General Motors Corporation to permit production of parts for competitors of the giant automotive concern.

A General Motors spokesman said the action might result in partial resumption of work in nearly half the corporation's plants.

The unprecedented agreement to permit some of the striking U.A.W.-C.I.O. members to produce car parts needed by General Motors rivals came from R. J. Thomas, union president, in response to a proposal by General Motors president, C. E. Wilson.

Principal General Motors parts plants, a corporation spokesman said, employed more than 40,000 of the 175,000 workers now on strike in more than 70 factories.

Will Demand Ottawa Assume Burden of B.C. Employment

British Columbia will lose no opportunity to press the Federal Government to assume its full responsibility for employment of service men and of men displaced from wartime work but will not assume responsibility that properly belongs to the Federal Government.

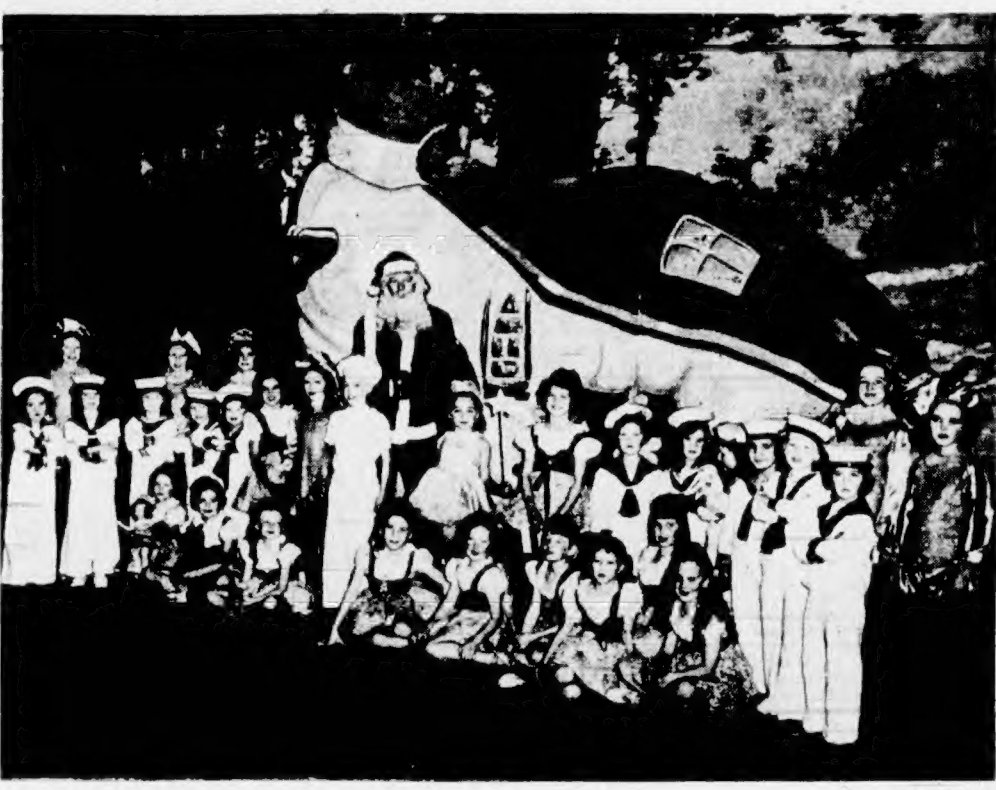

Hon. George S. Pearson, acting Premier, made this declaration today when a Vancouver-Victoria delegation representing labor, veterans, churches and other groups waited on the Cabinet to urge action to avert an unemployment crisis.

The delegation stated 600 men were being discharged daily from the services in British Columbia, that there were no jobs for them to go to, and no prospect of jobs.

When the delegation asked for immediate establishment of a labor-Government committee, Mr. Pearson proposed that the interested groups get together and co-ordinate their objectives, and that a small action committee be formed to carry them through.

The acting Premier said the Provincial Government could not set up such a committee because under provincial auspices it would be too broad. In this particular case the chief groups concerned were labor and veterans. Each of these groups had a number of specific problems, and would do well to set up an or-

Victoria Children See Santa Claus' Arrival Here

THE silvery bells tinkled and sang, and Prancer and Dancer came to a stop yesterday at the Royal Victoria Theatre. Out of the sleigh jumped Santa Claus. Escorted by jolly merry-go-round horses he made his bow to thousands of Victoria children who turned out to welcome him.

Standing next to Santa here is a cook, Wayne Beecroft, who helped bake the huge birthday cake the jolly old man brought with him, and next to him is a dainty Fairy Princess dressed in glittering pink froth, little Miss Brenda Sigrist. Here also are the tall pages in blue and silver, who escorted Santa; Rae Evenden, Shirley Connalide,

Barbara Lloyd, Jacqueline Iyings, Eleanor Straith and Irene Young. The Sailor Dolls are Norma Wetmore, Siana Symons, Sharon Lea, Nancy Clark, Vivian Briggs, Wendy Sanderson, Paisy Southern, June Oakley, Paisy Anne Eagles, Jocelyn Young and Diane Watkins. And sitting in front are the children of the Old Woman in the Shoe: Sandra Coombs, Catherine McElmoyle, Beverly Thomas, Patsy Bulchart, Joan Cochlin, Julie Anne Friend, Barbara Watkins, Bonnie Green, Diane Abernathy, Beverly Hughes and Barbara Peers. The Old Woman had to turn her shoe upside down so the rain wouldn't come in.

Generally, the pictures were satisfactory. It wasn't at all difficult to follow the play, see the arrival of President Truman and the pre-game ceremonies. However, due to the relay link, detail was not as sharp as with a direct pick-up of a local contact.

The best images were those supplied by the newly-developed image orthicon, sometimes called a "nocticon" because of its ability to "see" in the dark of a Fall day. Altogether, three cameras were used.

General Pearkes advocated that experiments be carried out to develop at reasonable cost a radar set which could be carried on packers and larger fishing vessels as an aid to navigation in foggy weather. Improved system of marking rocks and islets which were definite hazards to fishermen should also be effected, General Pearkes declared.

General Pearkes demanded that assistance be given to returned men wishing to enter the fishing industry. Dams should also be constructed on the streams in Vancouver Island in order to allow fish to get to their spawning grounds, General Pearkes stated. As the result of logging operations the run of water is more irregular than it

used to be, leaving some of the streams dry, thus impeding the movement to spawning areas.

It was important that adequate winter harbor facilities be provided for the fishing fleet, General Pearkes continued. He pointed out that no improvements have been made during the war years, leaving the fleet exposed to winter storms, although the boat and fishing equipment are better than ever before.

Protest Against Discharging Men Here, Vancouver

Pearkes to Ask Defence Minister to End Demobilization of Non-Residents

Special to The Daily Colonist

OTTAWA, Ont. Dec. 1.—General G. R. Pearkes, V.C., next week will press the protests he made on the floor of the House of Commons today against demobilizing service personnel in Victoria and Vancouver who were non-residents in the province before the war or enlisted elsewhere.

Tonight General Pearkes filed an inquiry which will appear on the Commons order paper on Monday asking if the Defence Minister will "stop demobilizing troops in Victoria and Vancouver other than those who had resided in British Columbia before enlistment or who have their families now living in the province." To discharge non-resident personnel was "aggravating further the unemployment situation which now exists on the Coast."

General Pearkes emphasized the urgency of a change in policy. "I believe there are one-third more men asking to be demobilized in Victoria and Vancouver than originally joined up in British Columbia," he declared.

"Jobs do not exist for them on the Coast. In Victoria, for instance, there are four applicants for every vacancy and the situation is serious."

AWAITS RETURN OF PREMIER JOHN HART

Until Premier John Hart returns from Ottawa and makes known the result of his efforts with regard to employment, low-interest financing for municipalities, and alleviation of the housing problem, it would be foolish for us to get over-excited," Mayor Percy George said yesterday.

"We must keep level-headed and consider the best way to meet the problem," he added.

For the present at least the City of Victoria would not sponsor any conferences to discuss employment problems, Mayor George said. He wanted first to know the outcome of Premier Hart's representations "on our behalf." He deplored "growing hysteria" elsewhere.

If Premier Hart was unable to report that the situation was being met, then the city would immediately take further action, Mayor George stated.

Planes, Guns Pounding Indonesians

British Warships Shell Headquarters

BATAVIA, Java, Dec. 1 (AP).—British planes pounded again today at Indonesian artillery outside Ambarawa, while naval guns were reported shelling headquarters of the Nationalist forces besieging a big Allied internment camp here.

Meanwhile the British announced discovery of the mutilated, naked bodies of four Englishmen and possibly 18 Indian soldiers in a shallow grave at Bekassi, 12 miles west of Batavia. An Indonesian woman said Indonesians had hacked the men to death.

The Dutch news agency Aneta said British warships in Semarang harbor shelled the Indonesian headquarters in the Ambarawa area. The R.A.F. planes bombed gun positions from which the Indonesians had pumped shells into Ambarawa, crowded with rescued civilian internees and former war prisoners.

Aneta said one R.A.F. Mosquito bomber had been shot down or had crashed near Bandoeng, with the bodies of its pilot and navigator found by Japanese troops near the blazing wreckage of a vehicle the plane had been ordered to strafe.

In the southern part of Bandoeng, 75 miles southeast of Batavia, some Indonesians were reported taking reprisals against Europeans and Eurasians, the British said, and while the Indonesians have carried out a partial evacuation of the northern part of the city, some looking continues.

Resume Whaling; Better Harbor Facilities Urged by Pearkes

Special to The Daily Colonist

OTTAWA, Dec. 1.—Re-establishment of the whaling industry on the Pacific Coast was urged in the House of Commons today by Gen. G. R. Pearkes, V.C.

General Pearkes recalled that years ago a whaling fleet used to sail from Victoria Harbor, but the whalers, in the main, were commandeered for other purposes during the war, and there is a shortage of whalers for the whaling grounds in the Antarctic. The Government should give this situation its immediate consideration, General Pearkes declared. He suggested the international whaling agreement should be changed to increase the 16,000 annual limit on the kill.

Encouragement should be given to developing the utilization of seaweed, from which important medicines can be obtained, into an important industry. Research work should be carried on to develop the means of processing. It might be necessary to establish some control on the cutting away of weeds which have served as a protection for small fish.

General Pearkes demanded that assistance be given to returned men wishing to enter the fishing industry. Dams should also be constructed on the streams in Vancouver Island in order to allow fish to get to their spawning grounds, General Pearkes stated. As the result of logging operations the run of water is more irregular than it

used to be, leaving some of the streams dry, thus impeding the movement to spawning areas.

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1945, by Southern Co.)

LONDON, Dec. 1.—The Yugoslav Assembly's decision to proclaim a republic has caused little surprise and, indeed, the recent course of political developments there was almost inevitable, says The Times editorially today.

The people of Yugoslavia made the choice of their own form of government after a clear-cut fight between the old and new state, which is now emerging as the child of a fierce struggle for freedom, from which Marshal Tito rose to prominence as the embodiment of national aspirations.

Tito has made clear that the National Front stands for construction of a wide democratic system, in which the opposition are able to lead a full political life. The task which awaits the new coalition is formidable, but the spirit of patriotism, tempered by the fires of war, is now fervent and should be strong enough to conquer its difficulties.

The Times financial editor reports that dissolution is impending of an international aluminum cartel, with headquarters in Switzerland, which controlled prices and markets of aluminum outside the United States. The dissolution appears to have been forced by the Canadian Aluminum Company, he adds.

Canadian industry, whose capacity increased seven-fold during the war, is anxious to fight for a stronger position. Further, the United States Government, which controls 57 per cent of the national aluminum capacity, is anxious to break all forms of monopoly in the industry.

The prospects for re-establishment of an international aluminum cartel, especially since Russia, with new-found control of some of Germany's largest plants, is now an important factor in the market.

The Times diplomatic correspondent says that although the British Cabinet agrees with most of President Truman's remarks at his Thursday press conference, they haven't gone so far as he did in discounting the Big Three meetings. If there are no special conferences, how are peace treaties to be made?

LONDON, Dec. 1.—The British Press Association reported tonight that the German cargo ship Elisabeth, flying a German flag and carrying a German crew, arrived at Barrow-on-Furness this week after a secret voyage from Kiel.

The agency said that machinery of an undisclosed kind was being removed from the ship by navy personnel and members of the staff of Vickers-Armstrong, Ltd. all of whom had been sworn to secrecy.

Official sources declined to comment on the story.

House Shortage In Vancouver

VANCOUVER, Dec. 1 (CP)—The Vancouver Daily Province in a newspaper story today says that "there are, by the best estimates, considerably more than 1,000 houses—potential homes for at least 4,000 men, women and children—standing unfinished in Vancouver today."

The newspaper added: "But also there is at least as much house-

building going on as at any time in the city's history.

"This latter fact makes the real nature of the shortages responsible for the construction slowdown quite a bit different from the popular conception of them.

"With few exceptions, the shortages are a lack of materials over and above the basic supply in normal peacetime years, not an exceptional lack on the basic supply itself.

"Forecasts of when the bottlenecks will be broken, and suggestions of ways of breaking them, are a little more specific and more varied as a time goes on.

"For instance, C. H. Thron, secretary of the Building Contractors' Association, says bluntly: 'Shortages could be eliminated as soon as a 16-hour shift (two eight-hour shifts) is put in by industries supplying the building trades.'

"At the other extreme is a Government official who would not allow himself to be quoted by name.

"The trouble is just an accumulation of things over the last four or five years—insufficient exports of men in the mills and woods; lack of young couples who got married during the war and want homes of their own; more babies going around, what with gratuities and everything—you'd have to be a miracle man to solve it.

"Most men connected with the building and timber industries believe both these viewpoints are oversimplifications.

"They expect a gradual adjustment through the winter months and into next spring, with one shortage after another slowly fading out."

Extra Mail, Liquor Service To Aid Vancouver Employment

VANCOUVER, Dec. 1 (CP)—Plans to deal with Vancouver's unemployment crisis went ahead today as interested organizations pondered the announcement by Labor Minister Mitchell in the Commons that of 40,000 jobless in Canada, 14,680 were registered at Vancouver.

City executive will meet Monday to consider resolutions, details of which have not yet been divulged. Maj.-Gen. Bert M. Hoffmeister spoke to the Unemployment Advisory Committee which adopted the motions yesterday.

The council resolutions will be submitted to a conference representing labor, business and many other Vancouver organizations called by Mayor J. W. Cornett.

Meanwhile claims by displaced workers in British Columbia for unemployment insurance benefits are

Unemployed Men Will Meet Today

Means of impressing upon the Provincial Government that a serious employment situation exists here will be discussed at a meeting of the Unemployed Workers' Association of Victoria in the Boiler-makers' Hall at 3 p.m. today. J. Cole, provincial secretary, announced yesterday.

Mr. Cole said trade unions had been for some years pressing the need of postwar planning to prevent unemployment when war industries closed down and veterans returned home. The new workers organization, he said, hoped to prevent a repetition of what happened after the last war, when veterans and civilians were forced into competition for jobs, with disastrous results to both.

Mr. Cole said the report published by the Provincial Government's Bureau of Postwar Rehabilitation and Reconstruction contained many revenue-producing projects which would create employment, but prompt action was needed in carrying out the projects.

Maj. Carl Pallas, Canadian Legion representative and George Wilkinson, secretary of the Victoria District Trades and Labor Council, had been invited to address the meeting, Mr. Cole said.

Just the Dress You Want--

FOR THOSE FESTIVE SEASON DATES!

Just think of a Black Crepe with smart Sequin trim for only \$17.95. Well, that's among the new arrivals yesterday and there is a good selection of similar Dressy Styles at all prices. One and two-piece models, long or short sleeves, and of course just ALL the smartest new styles. AND some very smart large sizes. Wool Dresses, too, in Black and high shades from \$14.95.

Arrest Germans

Continued from Page 1

study has been completed he indicated some of the steel magnates would be charged as war criminals.

Most of the industrialists, described by the British spokesman as "A class making for war and the suppression of democratic liberties of the people," already were in bed when the raids started.

Werner Gump, millionaire director of the Gutehoffnungshutte steel company at Dusseldorf, arrested from his sleep in a silk-sheeted bed in his castle-like mansion, asked: "When am I going to Nuremberg?" (the scene of the historic war crimes trial against top-flight Nazis).

Eberhard Letzerant, director of Sochum Steel, refused to open the door of his castle and a British soldier had to break in a side door. The soldier said the "luxurious mansion was like a hothouse. There was a big stock of coal in the basement and plenty of food and wine—so much it was like a shop."

Otto Meier, in charge of foreign sales for Mannesmann Toolworks, dressed calmly while his nervous, trembling wife forgot herself and undressed before a blushing British sergeant.

Fritz Baum, general manager of the Ruhr Gas Utility, in Essen, was found drinking champagne with his wife and two friends, another bottle was discovered hidden behind bookshelves.

A bottle of bat poison was taken from Walter Eichorst, another director of August Thyssen. Dr. Karl Lipp, head of the purchasing department of the Hoesch Steel Works—dressed in a blue and white nightshirt—picked up a violin and

Censure Vote Against Labor

LONDON, Dec. 1 (Reuters)—The first large-scale parliamentary clash between Britain's Labor Government and the Conservative opposition will take place next Wednesday and Thursday when the opposition moves a vote of censure condemning Government nationalization plans, demobilization methods and house plans.

Preliminary shots were fired this week by Winston Churchill, wartime Prime Minister and Conservative leader who celebrated his 71st birthday yesterday. In a forthright speech at a party meeting he sharply criticized the administration.

Mr. Churchill's oratory was greeted with applause but some sections of his party do not feel his speech made a practical contribution to the opposition needed for a continuous, coherent and constructive opposition to a determined government with a clear-cut policy and the parliamentary majority to enforce it.

The censure debate is likely to be an acrimonious business, for the Conservatives are burning under memory of recent humiliations in the House of Commons, including the lament of at least one Government spokesman at the lack of effective opposition.

Mother, Children Burned to Death

SUDBURY, Ont., Dec. 1 (CP)—A 26-year-old mother and four of her children were burned to death in a fire which swept through their farm home at nearby Chelmsford last night. One other child is in critical condition in hospital here.

Dead are Mrs. Aneta Castonguay, 26, and her four children, aged seven, six, five, and four. The child, a six-month-old baby girl, was rescued unharmed by her mother from the flames that broke out at 9:30 p.m.

The father, Philus Castonguay, was in an adjoining shed when the fire broke out, working on a sleigh for one of the children.

The flames, believed started when Mrs. Castonguay threw coal oil on the kitchen stove to quicken the fire, spread suddenly through the frame building.

Anti-Strike Bill for U.S. Is Predicted

WASHINGTON, Dec. 1 (AP)—Failure of the Labor-Management Conference to produce concrete machinery for settling industrial strife led to predictions tonight that Congress now would act on an anti-strike bill.

Rep. Michener (R., Mich.), a member of the House Rules Committee which reported the measure to the floor last Wednesday, said he had opposed "action in Congress on striking labor or management" during the conference but that he now felt Congress should go ahead. Other Congressmen had taken a similar stand.

Two of the bill's supporters, Reps. Howard Smith (D., Va.) and Cox (D., Ga.), told reporters they might seek a vote next week. The measure would impose heavy penalties on unions which violate no-strike clauses in labor contracts.

B.C. Employment

Continued from Page 1

to such an organization, and said Government experts would be willing to help.

He stated the Province had already let contracts for over \$6,000,000 in public works. It could go only so far without calling on Ottawa for assistance.

Delegates asked an immediate expanded program of public works to meet the needs of the moment. On the longer term basis they asked that efforts be made to continue shipbuilding on this coast.

They urged immediate action on a 40-hour week to help spread the available work. Mr. Purcell, Vancouver, representing new veterans, said they wanted a 30-hour week.

Besides Mr. Pearson, Cabinet members participating were Hon. E. T. Kennedy, Minister of Lands, and Hon. Dr. George M. Weir, Minister of Education.

Government officials present included Adam Bell, deputy minister of labor; E. W. Griffiths, assistant deputy provincial secretary; and J. T. Gawthrop, Rehabilitation Bureau secretary.

Vancouver members of the delegation were: William White and John Turner, Vancouver Labor Council; Ernest Holmes and R. K. Corvin, Vancouver Trades and Labor Council; Rev. A. E. Cooke, industrial committee, British Columbia Conference of United Church; and Alex McLeod, Canadian Legion and A.P.L. Union, and Mr. Purcell, representing new veterans.

Representing Victoria groups were T. A. Mitchell, D. E. Fitzgerald and W. E. Harrison, Victoria Labor Council; Fred Davidson and George Wilkinson, Victoria Trades and

HOME HEATING PLAIN and Fancy!

We hear a great deal these days about new and improved methods of Home Heating—and already there are many new heating units on the market. No doubt many of them are excellent contrivances in themselves, but whether or not they will meet YOUR requirements and solve YOUR heating problem is quite another matter. Before you plump for any of these new heating gadgets we advise that you let us make a scientific survey of your heat requirements and tell you what and how much heat is required in YOUR home or plant. As heating engineers, that's part of our service, quite without cost or obligation. We manufacture non-smoking All-Steel Welded Furnaces and complete air conditioning units, including oil burner, fan, humidifier, EVERYTHING for complete atmospheric comfort all the year 'round.

Michener (R., Mich.), a member of the House Rules Committee which reported the measure to the floor last Wednesday, said he had opposed "action in Congress on striking labor or management" during the conference but that he now felt Congress should go ahead. Other Congressmen had taken a similar stand.

Two of the bill's supporters, Reps. Howard Smith (D., Va.) and Cox (D., Ga.), told reporters they might seek a vote next week. The measure would impose heavy penalties on unions which violate no-strike clauses in labor contracts.

B.C. Employment

Continued from Page 1

to such an organization, and said Government experts would be willing to help.

He stated the Province had already let contracts for over \$6,000,000 in public works. It could go only so far without calling on Ottawa for assistance.

Delegates asked an immediate expanded program of public works to meet the needs of the moment. On the longer term basis they asked that efforts be made to continue shipbuilding on this coast.

They urged immediate action on a 40-hour week to help spread the available work. Mr. Purcell, Vancouver, representing new veterans, said they wanted a 30-hour week.

Besides Mr. Pearson, Cabinet members participating were Hon. E. T. Kennedy, Minister of Lands, and Hon. Dr. George M. Weir, Minister of Education.

Government officials present included Adam Bell, deputy minister of labor; E. W. Griffiths, assistant deputy provincial secretary; and J. T. Gawthrop, Rehabilitation Bureau secretary.

Vancouver members of the delegation were: William White and John Turner, Vancouver Labor Council; Ernest Holmes and R. K. Corvin, Vancouver Trades and Labor Council; Rev. A. E. Cooke, industrial committee, British Columbia Conference of United Church; and Alex McLeod, Canadian Legion and A.P.L. Union, and Mr. Purcell, representing new veterans.

Representing Victoria groups were T. A. Mitchell, D. E. Fitzgerald and W. E. Harrison, Victoria Labor Council; Fred Davidson and George Wilkinson, Victoria Trades and

HOME HEATING PLAIN and Fancy!

We hear a great deal these days about new and improved methods of Home Heating—and already there are many new heating units on the market. No doubt many of them are excellent contrivances in themselves, but whether or not they will meet YOUR requirements and solve YOUR heating problem is quite another matter. Before you plump for any of these new heating gadgets we advise that you let us make a scientific survey of your heat requirements and tell you what and how much heat is required in YOUR home or plant. As heating engineers, that's part of our service, quite without cost or obligation. We manufacture non-smoking All-Steel Welded Furnaces and complete air conditioning units, including oil burner, fan, humidifier, EVERYTHING for complete atmospheric comfort all the year 'round.

Anti-Strike Bill for U.S. Is Predicted

WASHINGTON, Dec. 1 (AP)—Failure of the Labor-Management Conference to produce concrete machinery for settling industrial strife led to predictions tonight that Congress now would act on an anti-strike bill.

Rep. Michener (R., Mich.), a member of the House Rules Committee which reported the measure to the floor last Wednesday, said he had opposed "action in Congress on striking labor or management" during the conference but that he now felt Congress should go ahead. Other Congressmen had taken a similar stand.

Coldwell Urges Atomic Study Be Put Under United Nations

NEW YORK, Dec. 1 (CP).—Control of atomic research should be removed from the hands of a world chemical cartel and put directly under the control of the Social and Economic Council of the United Nations Organization, M. J. Coldwell, C.C.P. leader, said today.

In an address prepared for delivery, he said that without amending its charter the United Nations Or-

ganization could set up a specialized agency consisting of leading world scientists charged with the exchange of information, continued research and such recommendations as might be found necessary for the intelligent use of atomic power.

He said: "We cannot allow this revolutionary discovery to be controlled by private industry. Its implications are too vast and too dangerous. We know from bitter experience that big business in all our countries observes no national loyalties or human ethics where profits are concerned."

"Yet atomic research is largely in the hands of DuPont in the United States, Imperial Chemical Industries in the United Kingdom, and their creature—Canadian Industries, Ltd.—in Canada."

"This is a highly improper and

Undomesticated Cat Down in Four Shots

SPOKANE, Dec. 1 (AP).—It took four shots from Motorcycle Patrolman Elmo Springer's pistol to topple a 35-pound bobcat from a tree outside the home of Mr. and Mrs. Earl C. Peterson today. Mrs. Peterson had watched it most of the morning and did not call police until she suddenly discovered it was not of the domestic variety.

dangerous situation. The countries concerned should remove the members of the chemical cartel from the control of research and atomic energy and establish publicly-owned organizations to carry on these important functions."

Test Validity of Temperance Act

TORONTO, Dec. 1 (CP).—Attorney-General Leslie Blackwell was informed yesterday that a special bench of judges will hear an appeal to the Privy Council by the Ontario Government against the validity of the Canada Temperance Act. The hearing will open Monday in London, England.

Ontario's appeal against a Dominion act operating where the province has its own liquor legislation is being backed by Alberta, Saskatchewan and New Brunswick. Deputy Attorney-General Cecil L. Snyder said yesterday the contention of Ontario is that the province's Liquor Control Act and not the Canada Temperance Act is in force in the province.

Decisions of the Privy Council since 1883 made it clear that when the Canada Temperance Act was passed in 1878 there was a national emergency which gave jurisdiction to the Dominion Parliament to legislate under the peace order and good government clause of the British North America Act, he added.

Jewish Settlers Make Barren Land Yield in Palestine

After years of draining and enriching hitherto unproductive land in Palestine, Jewish settlers finally come to the day they break ground for planting of their first crops. Two typical settlers handle horses and plough. Jewish groups who point out how Jewish settlers in Palestine have made large barren areas yield to their painstaking toil, seek permission to send 100,000 homeless Jews from Europe into that country.

Lake Yields Five Bodies; Bus Is Raised

CHELAN, Wash., Dec. 1 (AP).—The bodies of four more children and that of Jack Randle, bus driver, were recovered—late today—from a bus which plunged into Lake Chelan, Monday morning, during a blinding snowstorm, claiming 16 lives.

The bus, found by divers this morning in 210 feet of water after a six-day search, contained only the five bodies, leaving missing the bodies of nine other youngsters who went to their deaths in the tragic ride.

The bodies were recovered by Chief Torpedoman C. E. Meyers of the Whidbey Island Naval Air Station, one of six navy divers who joined reclamation service and civilian divers early in the week in the hunt for the machine in the crystal clear but treacherous mountain lake.

LAKE CHELAN NEVER YIELDS ITS DEAD

Anxious parents and friends had been hopeful that all the bodies of the 14 victims, which had not been found, would be recovered with the bus. The 60-mile-long Lake Chelan has a reputation of never yielding its dead.

The bus was raised to almost 15 feet of the surface before Diver Meyers made his heroic and successful effort to remove the bodies.

Four lines had been attached to the bus from a barge so that it could be safely secured before a search was undertaken. Officials were fearful that if the divers tried to enter the machine without this protection it might teeter down one of the many ledges that bound the lake's bottom.

It is planned to tow the car nine miles down stream to Chelan, where the Howe Sound Mining Co. has a crane strong enough to lift it to a dock.

The bus was found this morning in the second descent of the day.

Begin Arguments For U.N.O. Location

LONDON, Dec. 1 (AP).—Delegations from 24 North American communities—22 in the United States and two in Canada—began the presentation of oral arguments today on the merits of their respective localities as a permanent site of the United Nations Organization.

Canada May Be Selected For Security Council Seat

LONDON, Dec. 1 (CP).—Among the first acts of the Security Council of the United Nations Organization, which might include Canada, when it meets in London early in the new year will be the adoption of a directive to its military staff committee to meet at a certain place and time.

The military committee will consist, under terms of the United Nations Charter, of the chiefs of staff of their representatives of Britain, the United States, Russia, France and China, all permanent members of the Security Council.

The military staff committee is responsible under the Security Council for strategic direction of any armed forces placed at the disposal of the council.

To give the military staff committee and the Security Council power to wield, the executive committee also recommended that the Security Council discuss during its initial meetings the method by which agreements will be reached with members of the United Nations to make available armed forces assistance and facilities for maintenance of world peace and security.

The Security Council cannot meet until the general assembly, scheduled to begin its first session here early in January, elects the six non-permanent members who will sit with the "Big Five." However, some time during January these non-permanent members—one of which may be Canada—will be elected and the all-important Security Council will get down to work.

In addition to questions concern-

ing the military staff committee and military agreements with members of the United Nations, the Security Council also will elect members of the International Court of Justice.

TO SHOW FISHING FILMS

Colored films on the fishing industry of British Columbia will be shown at a public meeting to be held Tuesday at 8 p.m., under sponsorship of the Senior and Junior Chambers of Commerce, at the Chamber of Commerce auditorium.

December Heralds Nuptials Of Popular Victoria Brides

LAMB—VYE

A pretty wedding took place at Esquimalt United Naval and Military Church on November 29 when Mrs. James Hood performed the ceremony uniting in marriage Miss Edna, daughter of Mr. and Mrs. H. Vye, 1845 Kings Road, and John Pender Leslie Lamb, son of Mr. and Mrs. J. Brown.

Mrs. J. Brown presided at the organ and during the signing of the register Mrs. E. Butler sang "Always."

The bride, given away by her father, was radiant in a gown of broad white satin, fashioned with high neck and Peter Pan collar, tiny buttons down the back, lily-point sleeves and full skirt. From a headpiece of orchid plumes her shiny veil fell to her finger tips. A bouquet of calla lilies and gardenias completed the ensemble.

The bride was attended by her sister, Mrs. R. Milne, as matron of honor, and wore periwinkle taffeta with pink feather colar, and Miss Eunice Vye, the bridesmaid, wore blue chiffon with fuchsia feather colar.

Best man was Mr. Earl Watson, Vancouver, and the ushers were the bride's brothers, Mr. Donald and Mr. Thomas Vye.

A reception was held at the Goblins ballroom, Oak Bay.

For a honeymoon trip to Portland by motor, the bride chose a British tan wool suit with moss-green accessories, a hair-veil and a corsage bouquet of orchid and giant violets. Mr. and Mrs. Lamb will make their home in Victoria.

CARLOW—VEITCH

At St. Alban's Church last evening, Ven. Archdeacon H. A. Colson officiated at the wedding of Freda Mae ("Babe"), elder daughter of Mr. and Mrs. J. H. Veitch, 2640 Asquith Street, to George Wesley Carlow, only son of Mr. and Mrs. Roy Carlow, Sooke. The traditional music was played by Mr. Walton, organist.

The bride, wearing a beautiful ivory-embroidered gown with her mother's embroidered wedding veil of fine net cascading to the floor from a headpiece of gardenias, was given in marriage by her father. A shower bouquet of red roses and gardenias, and a gold bracelet, the groom's gift, completed the bride's charming ensemble.

Miss Joan Veitch was bridesmaid for her sister and was costumed in pink net over taffeta. The bridegroom, recently discharged from the R.C.A.F. as a flying officer, having served with the Thunderbolt Squadron in missions over Europe, had a crew-mate, Pilot Officer Leonard Stevens, as best man. Ushers were L.A.C. James Massey, R.C.A.F., and

Able Seaman Jack McLaquane, R.C.N.V.R.

A reception was held in the church hall, where Pte. L. W. S. Veitch, uncle of the bride and lately returned from India, gave the toast.

For a honeymoon on the Mainland, the bride chose a shocking pink suit, squirrel coat, black accessories and an orchid corsage. Mr. and Mrs. Carlow will make their home on the Island Highway.

GURNEY—HOZACK

The marriage of L.A.C. Maurice Frederick Gurney, R.C.A.F. son of Mr. and Mrs. H. V. Gurney, Victoria, to L.A.W. Betty Maureen Hozack, R.C.A.F. (W.D.), was solemnized at St. Paul's Cathedral, Halifax, N.S. on November 1, with Wing Commander Dunlop, R.C.A.F. padre, officiating.

The bride, given away by Cpl. Geoffrey Glucks, Dartmouth, N.S., was attired in a floor-length white satin gown fashioned with panel of lovely lace. Her fine net veil was toe-length, she carried American Beauty roses, and her only ornament was a single strand of pearls, gift of the groom. The bridesmaid was L.A.W. Therese Marchand, who wore a gown of blue sheer with matching chapel veil, and carried a bouquet of pink carnations.

The groomsmen were L.A.C. Donald Forbes, Truro, N.S.

During the signing of the register, L.A.W. Marion Dunn sang "Because."

Following the ceremony a reception was held at the Waverly House, Miss Bishop, of the Y.W.C.A., being in charge of the arrangements. Later the couple left on a short trip to Truro and Great Village, N.S. They will make their home in Victoria.

H. LM—KNUTSEN

First Baptist Church was the scene of the wedding last evening of Karen, only daughter of Mr. and Mrs. K. Knutsen, Jenner, Alta., to Nels Holm, son of Mr. and Mrs. Walter Holm, 1600 Quadra Street, Victoria. Rev. G. A. Reynolds performed the ceremony. Mr. Oliver Stout played the wedding music and the groom's sister, Miss Elsie Holm, sang "O Promise Me" during signing of the register.

Escorted by her father the bride looked lovely in white crepe-back satin made in princess style and finished with sweetheart neckline and long sleeves softly pointed over the wrists. Her veil billowed to the floor from a Mary Stuart headpiece and she carried a white testament topped with gardenias. She wore flower-earrings, gift of Beta Sigma Phi Sorority. Mrs. Enga Young and Miss Tena Holm, sisters of the groom, attended the bride; the former, as

It's Santa's Birthday Cake Baked by Four Jolly Cooks

SANTA is a big man and he always has a great many little guests when he gives a party, so he had to have a big cake. Here it is as it appeared on the stage of the Royal Victoria Theatre yesterday when Santa Claus was welcomed on

arriving from the North Pole. Jeanie Burns is the shy little fairy on top, and all around are the cooks and maids who concocted and served the cake. They are: Cooks, Jack Dixon, Wayne Becroft, Billy Campbell and Clifford Harwood;

the dainty maids are Brenda Lister, Shirley Bennett, Sheila McDonald, Helen Bennett, Marlene Millar, Betty Hawthornthwaite and Shirley Comblade. All are members of Wynne Shaw's Dance Studio.

matron of honor, wore turquoise sheer with sweetheart headpiece, while the latter, junior bridesmaid, had turquoise crepe with matching bandeau trimmed with flowers.

Mr. Ronald Coles assisted the bridegroom. At the home of the groom's parents a reception was held following the ceremony. After a honeymoon on the Island, for which the bride chose a brown gabardine suit with matching accessories and a camel hair topcoat, the couple will make their home in Vancouver.

LAUGHREN—SUFFERIN

The marriage of Edith Minnie Sufferin, daughter of Mr. and Mrs. Jack Sufferin, Senlac, Sask., and Benjamin Walter Laughren, son of Mr. and Mrs. Walter Laughren, Port Arthur, Ont., was solemnized at the home of the officiating clergyman, Rev. J. C. Jackson, Victoria, on November 19. The bride wore a two-piece lime wool suit with black accessories and a corsage of sweetheart roses. The bride was attended by her sister, Miss Noreen Sufferin, who wore a brown tulle suit with pink carnation corsage. Mr. George Sufferin was best man. A reception was held at 538 Langford Street, where P.O. Ray Travis, R.C.N.V.R., proposed the toast. For a honeymoon on the Mainland, the bride chose a three-piece beige gabardine suit with black accessories. On their return, they will reside at 2512 Douglas Street.

KINNE—KINGHORN

At a candle-lit ceremony, which took place last evening at Metropolitan United Church, Eleanor Burpee, only daughter of Mr. and Mrs. Hayward C. Kinghorn, 1943 St. Patrick Street, and Flying Officer Albert Thomas Kinne, R.C.A.F., only son of Mr. and Mrs. Hudson P. Kinne, New Westminster, exchanged nuptial vows in the presence of Rev. Dr. A. E. Whitehouse, the officiating minister. Mr. E. Holloway presided at the organ and during signing of the registers Miss Grace Adams sang "Through the Years."

The bride, given away by her father, was a picture in her bouffant gown of starched silk, lace over tulle, with net yoke and peplum edged in Valenciennes. Her full-length veil of embroidered net was arranged under a coronet of seed pearls, and she carried a shower bouquet of pink roses and gardenias. Her only ornament was a single

strand of pearls, gift of the groom. The three attendants were French blue more tulle. Mrs. James M. Wicken, as matron of honor, wore a Juliet cap, while Mrs. J. E. Mason, New Westminster, sister of the groom, and Mrs. R. Greenwood chose headpieces of flowers.

The bridegroom, who served for three years in the Middle East theatre of operations, had Flying Officer James M. Wicken, also a desert flyer, as best man. Ushers were Mr. James Kinghorn, brother of the bride, and Mr. Gerald W. Watson.

A reception was held at the Kinghorn home. For a honeymoon at Banff and Calgary, the bride was clad in a chocolate brown dressmaker suit with muskrat coat and brown accessories and orchid corsage.

Social and Personal

Ensign and Mrs. C. R. Wiesner, of New York City, N.Y., are visitors in the city, guests at the Empress Hotel.

Miss Theima H. Davis and Miss Helen Douglas are among New Westminster visitors at the Empress Hotel while visiting here.

Mr. and Mrs. John P. Brackett, of Piedmont, California, are guests at the Empress Hotel while spending a few days in the city.

Mr. J. A. Debut, of Kingston, Ontario, is spending a few days in Victoria and is a guest at the Empress Hotel.

Dr. and Mrs. W. E. Baker, Midland Road, have as a week-end guest, Col. W. Hume, O.B.E., Pacific Command, Vancouver.

Captain and Mrs. C. S. Wulke, California, have arrived in Victoria and are visiting the latter's parents, Mr. and Mrs. W. A. Wright, 871 Jasmine Avenue.

Friends from out of town present at the Lamb-Vye wedding included Mr. and Mrs. E. Watson, Mrs. Mary Petrie, and Miss Helen Tulk, all of whom came over from Vancouver.

Trustee Mrs. E. M. Bryce, of Sanich, has left for Vancouver where she will attend the British Columbia Trustees' Convention being held next week.

Mrs. Garnet K. Halliday, of Hollywood, California, who has been visiting her parents, Mr. and Mrs. D. Campbell, for the past month, is returning to her home in the south, Monday.

Colwood Community Club members will celebrate the first anniversary of the club with a dinner, followed by a concert and social in Colwood Hall Monday evening. Officers will also be installed.

Out-of-town guests at the Holm-Knutson nuptials last evening included Mr. and Mrs. K. Knutsen, Jenner, Alberta, parents of the bride, and Mr. and Mrs. Carl Anglo, Vancouver.

Among the guests attending the Kinne-Kinghorn wedding last evening at Metropolitan United Church were Mr. and Mrs. H. P. Kinne, parents of the groom; Mr. and Mrs. J. R. Mason, Mr. and Mrs. P. Morris, all of New Westminster.

At the Carlow-Veitch nuptials at St. Alban's Church last evening were the following friends from out of town: Mr. and Mrs. Roy Carlow, Sooke; Mr. and Mrs. Eric Holman, Westholme, B.C.; and Mr. and Mrs. W. Hinecliffe, James Island.

Rogers Colenso Carter, son of Mr. and Mrs. George Carter, King George Terrace, has been awarded the Bachelor of Arts degree with distinction at the University of Saskatchewan. He attended St. Michael's School, Oak Bay and Victoria College, and is now studying for his L.L.B. degree.

Vancouver visitors spending a few days in Victoria, and guests at the Alderman B. J. Gadsden requests re-election on December 13.

Christmas Day Dinner for Veterans Of Jubilee Tubercular Pavilion

Upholding a tradition which was started 30 years ago, members of the Florence Nightingale Chapter, I.O.D.E., will serve dinner on Christmas Day to the patients in the Jubilee Pavilion of the Royal Jubilee Hospital in the sunroom. The chapter built the sunroom in 1915.

The chapter will hold a bazaar on Saturday, at 1:30 p.m., at the Jubilee Pavilion.

Gordon Head Unit Realizes \$20,616

Members of Gordon Head Unit of the Red Cross have realized the sum of \$20,616.79, and made a total of 7,666 garments and knitted articles for servicemen and civilians in bombed-out areas during the six war years, it was announced Friday evening by Mr. Norman C. Bell at a general meeting. The sum of \$4,418.34 was realized during the past year.

Since 1940, when the unit was organized, reports were given by Mrs. E. H. Mitchell, district convener, Mrs. J. P. Simon, secretary-treasurer, Mr. G. G. Wilson, on the work of the unit and vegetable stall. A history of the unit, which has been a familiar landmark for passing motorists for the past two years, was given by Mr. H. G. Penman.

Two projects outlined for future Red Cross work include a widespread blood-donor organization and the building and running of lodges in connection with veterans' hospitals.

Highlight of the evening was the presentation of a pair of ruby Bohemian lustres and scroll to Mrs. Mitchell, who has been a competent leader during the past six years. Others receiving a vote of thanks were Mrs. S. L. McMullen, Mrs. C. G. Wilson, Mr. C. U. Heywood, Mr. C. S. Welchman, Mr. A. G. Lambbrick, Mr. C. Hopper, Mr. H. G. Penman and Mrs. C. A. Brodigan.

Societies

St. Saviour's Senior W.A. held a bazaar at the parish hall when Mrs. G. Pocock, president, welcomed visitors. Stalls were convened by Mrs. S. Evans, Mrs. A. Cody Johnson, Mrs. C. Clarke, Mrs. F. Willis, Mrs. W. Ashworth, Miss M. Harper. Tea was convened by Mrs. B. Jacklin assisted by Mrs. B. Temple, Mrs. P. Tammage and Mrs. F. J. Woods.

For Brides-Elect

A luncheon party honoring Miss Frances Knight, a December bride-elect, was given by Mrs. D. G. Holmes, 2981 Dysart Road, assisted by her daughter, Mrs. Earl Pollock. Later miscellaneous gifts were presented to the honoree in a red, white and blue basket. Guests were Mrs. R. Knight, Mrs. Norman Arnold, Mrs. G. Anstey, Mrs. H. Morrison, Mrs. J. Cleator, Mrs. J. Howroyd, Mrs. T. Waters, Mrs. E. Waring, Mrs. P. Edmunds and Miss Doreen Cleator.

Miss Eileen Chaister, 1979 Watson Street, was hostess at a kitchen shower given in honor of Miss Violet Anastasiou, a bride-elect of this week. The useful gifts were concealed in a box. Guests were Mrs. John Anastasiou, Mrs. M. M. Barnes, Mrs. Corvallis, Mrs.

Engagements

Dr. J. Dimery Johnson announces the engagement of his sister, Jean Alexandra, younger daughter of the late Mr. and Mrs. E. D. Johnson, to P.O. Glen F. Hutchinson, R.C.N., youngest son of Mrs. M. Hutchinson of Short Hills, New Jersey. The marriage will take place on December 14 at St. Paul's Naval and Garrison Church. The bride is a graduate of St. Joseph's Hospital.

Mrs. Frank Strachan, 2300 Beach Drive, announces the engagement of her younger daughter, Sheila Frances, to Alan Brock, younger son of Hon. Mr. Justice and Mrs. A. D. Macfarlane, 1908 St. Ann Street. The wedding will take place on Saturday, December 22, at 8 o'clock, in First United Church.

Mr. and Mrs. H. L. Smith, 3032 Admirals Road, announce the engagement of their eldest daughter, Brenda Kathleen, to Charles Gordon Stewart MacDonald, third son of Mrs. J. A. MacDonald, 343 Michigan Street, and the late J. A. MacDonald. The wedding will take place at 2 p.m. December 22 at St. Martin's-in-the-Fields.

The engagement is announced of Miss Lillian P. Williams, younger daughter of Mrs. C. M. Williams, of 2751 Richmond Road, and the late Mr. J. T. Williams, to Ballantine A. Lowick, son of Mr. and Mrs. Marshall Lowick, of Moose Jaw, Sask. The wedding will take place quietly, December 28.

Announcements to appear under this heading will be accepted at the Colonist Advertising Department. Minimum charge \$1.50 for 10 lines, and the per-word additional line.

20% OFF ALL COATS

We are reducing EVERY COAT in the store.

Enjoying a Happy Winter Holiday

—Associated Press Photo

Mrs. J. T. Brown, wife of the Chief Justice of King's Bench Court, Regina, and their daughter, Miss W. Brown, are shown above in front of the Empress Hotel, where they are holidaying. Delighted with the mild weather and the year-round gardens, the visitors have many friends on the island.

Plea for Pasteurization

Local Council of Women sponsored an address by Dr. Gordon Bates, general director of the Health League of Canada, held Friday evening in the Chamber of Commerce auditorium. Mrs. Alfred Carmichael presiding. Speaking on pasteurization, Dr. Bates said: "Raw milk is known to have caused diphtheria epidemics," he continued, "scarlet fever, septic sore throats, undulant fever and tuberculosis. Where raw milk is used for new born babies, infant mortality has been high."

"Inspection of milk for cleanliness and testing for T.B. is not enough to offset the danger," he pointed out. "Pasteurization is the only safe method to destroy bacteria entirely. Health officers know this but the law cannot be established as a public health procedure because public opinion has not gone far enough to endorse it."

He told his audience that in Toronto in 1914 a law was passed forbidding the sale of raw milk and within a year infant mortality was cut by a third and bone tuberculosis vanished overnight. In 1936 the Province of Ontario forbade the sale of raw milk in all municipalities with a population over 300—one of the most valuable contributions to public health in the last 20 years.

"The use of pasteurized milk rests on an increase in popular education," Dr. Bates said. "As information becomes widespread, intelligent people more and more will come to realize the benefits derived and the point will finally be reached where law is demanded."

He spoke of Vancouver where only last week the Provincial Trades and Labor Council, the British Columbia Federation of Agriculture and the Greater Vancouver League passed resolutions asking that compulsory pasteurization be made law in that city.

With His Honor the Lieutenant-Governor and Mrs. W. C. Woodward as patrons the affair will be under the direction of the Mayor John Helden Gillespie, Chapter, I.O.D.E. with Mrs. T. A. Johnston as general convener.

Dancing will begin at 8 p.m. following the annual Children's Ball, and will continue until midnight.

Y.P. Organizations

St. Saviour's A.Y.P.A. met Monday, November 26, in the church hall and it was decided to hold a Young Peoples' carol service on Sunday, December 23.

Padre Orville P. Hesse and Mr. Clyde Wooland gave interesting talks at the United Y.P.U. meeting recently in the Metropolitan Church Hall.

Members of Happy Valley School branch of the Junior Red Cross realized the sum of \$20 from a contest they had arranged.

Padre Orville P. Hesse and Mr. Clyde Wooland gave interesting talks at the United Y.P.U. meeting recently in the Metropolitan Church Hall.

Members of Happy Valley School branch of the Junior Red Cross realized the sum of \$20 from a contest they had arranged.

Over \$100 was realized at the Pro Patria Branch, Canadian Legion, B.E.S.L. bazaar held in the clubrooms Saturday afternoon, and will be used to purchase comforts for veterans in hospital. Mrs. W. P. Trace, president, opened the affair and Mrs. J. C. Newbery was general convener. Both were presented with corsage bouquets. Mrs. D. Swan, president of Britannia Branch, was a special guest. Minnie Christmas trees and holly decorated the tea tables. Mrs. A. Laxton, and Mrs. W. Hodge convener the tea. Those in charge of stalls were Mrs. E. Morris, Mrs. D. Muir, Mrs. W. Hestley, Mrs. W. Renfrew, Mrs. B. Ripley, Mrs. I. Moon, Mrs. A. Gornall, Mrs. De La Haye and Miss H. Henke. Nominations of officers will take place at the meeting Monday evening.

For a treat for the children, make "snowballs" by dipping soap-suds in vanilla ice cream into coconut. Reprinted by The Associated Newspapers, Inc.

Canada Film Show
After the business meeting of the Overseas Wives Club recently a film on Canada was shown at the Y.W.C.A. Mrs. Nan Raven, president, announced that the resignation of the treasurer, Mrs. Audrey Orley, who is leaving to make her home in Vancouver. The next meeting will be held December 12 at 7:30 p.m. at the Y.W.C.A.

Divorce at High Mark in Calgary

CALGARY, Dec. 1 (CP)—Divorce actions recently heard or pending in Supreme Court in Calgary have reached record totals, according to court officials.

Almost 40 actions were heard this week or double the monthly average in the earlier part of 1945. On Monday alone there were 22 placed on the list, with 12 on Tuesday and three heard Friday. One judicial separation action was heard Wednesday.

Officials believe the sudden upsurge of divorces is due to a great extent to many hasty war marriages and the general slackening of moral values under the stress of wartime conditions.

VITAMIN STEALER

Cold weather keeps milk from souring on porches or in apartment entryways... but it's not just the souring that you want to prevent. One hour in the sun, even in winter, can destroy 40 per cent of the riboflavin... that's one of the B complex group of vitamins. Ask the milkman to leave your milk in the shade... and make sure that you know what is shady by the time he gets round to your house.

Plan Sub-Deb Ball This Year

Christmas in Victoria is a festive time, and this year many peace-time events will again be held, among which one of the most popular will be the sub-deb Christmas ball to be held at the Empress Hotel on December 27.

With His Honor the Lieutenant-Governor and Mrs. W. C. Woodward as patrons the affair will be under the direction of the Mayor John Helden Gillespie, Chapter, I.O.D.E. with Mrs. T. A. Johnston as general convener.

Dancing will begin at 8 p.m. following the annual Children's Ball, and will continue until midnight.

INDUSTRIAL CAPITAL

La Paz, Bolivia, produces 80 per cent of the value of all manufactured goods produced in the country.

Celebrate Diamond Jubilee

Mr. and Mrs. Joseph Stephenson, 2609 Doncaster Drive, are celebrating their diamond wedding today having been married in Winnipeg, December 2, 1885. Both Mr. and Mrs. Stephenson were born in Iceland and first met in North Dakota. Mrs. Stephenson, who is 91 years of age, has been blind for 14 years. Mr. Stephenson, aged 89, has been confined to his bed with a broken leg, the result of a fall, but both are cheerful and happily surrounded by their family. They have six daughters and one son, six grandchildren and one great-grandchild. A grandson, Gerald Wilson, won the D.F.C. with Bar and had a very distinguished flying career during the war. Miss Carol Stephenson, secretary to the Land Settlement Board, Victoria, is a daughter.

Toastmistresses Receive Charter

At a formal dinner held in the Princess Charlotte room of the Empress Hotel, Friday evening, 24 members and guests attended the presentation of International Charter No. 90 to the Victoria Toastmistress Club.

This club was formed in Victoria this year ago under the sponsorship of the Y.M.C.A. with the object of developing poise and effectiveness in public speaking. Joining Toastmistresses International, whose president, Mrs. Ray Beach, of St. Louis, is a former Victorian, marks Victoria as the first Toastmistress Club in the British Empire.

After the dinner Miss N. Savin sang "If Winter Comes" and "Tick-Tick-Track" followed by introduction of guests by Mrs. A. Nicoll, president of the Victoria club. Messages of congratulation were read from the Spokane Toastmistress Club and from the International secretary, Frank Paulding, general secretary of the Y.M.C.A., then the gathering in community singing.

Miss Marjorie Press, past president of the club, was toastmistress for the occasion and briefly outlined the beginning of the club. She introduced the first speaker, Miss N. Savin, a previous winner of the Mallet Challenge Trophy for ladies' public speaking. Miss Savin spoke on personal, group and international friendship. Her speech was followed by the singing of "To Music" and "The Day" by Miss Joan Winning. Mrs. Rae Baker was the accompanist.

The international charter presentation was made by Miss Esther Campbell, of Seattle, vice-president and chairman of the Extension of International Toastmistress Clubs. She mentioned particularly the fact that Toastmistress International was asked to send a representative to the San Francisco peace conference.

Barrie Goull, lieutenant-governor, District 6, Toastmistress International, congratulated the Victoria toastmistresses on receiving their charter.

WHY PERTUSSIN IS SO FREQUENTLY PRESCRIBED FOR

Bad Coughs

Pertussin—a well-known herbal remedy—often brings relief with the first spoonful. It is specially prepared to work internally to relieve your cough spasm. Pertussin increases natural secretions in the respiratory tract to soothe irritated membranes. It improves ciliary action and loosens sticky phlegm. Safe and effective for both old and young. Inexpensive!

Santa Claus Greeted by Youngsters; Proceeds for Solarium Children

Victoria youngsters had a wonderful Saturday afternoon treat when the Santa Claus Welcome was presented at the Royal Victoria Theatre by the Hudson's Bay Company. Entire proceeds of the two afternoon shows have been donated to the Queen Alexandra Solarium.

Pupils of the Wynne Shaw Dance Studio presented a charming story, which told of Santa's visit to the Old Woman in the Shoe in her house in the forest. The house was in the form of an enormous inverted shoe. Santa arrived in a coach, driven by four merry-go-

round horses, attended by six pages. The horses and pages danced and a fairy told the children that it was Santa's birthday. Party plans revealed a huge birthday cake, trimmed with a lovely doll in a pink ballet dress. Little Jeannie Burns as the decoration on the cake, danced to the tune of "Candy."

Cooks and maids, in black and white costumes, also danced, and Mr. Ernie Crookford, magician, arrived to turn a tiny doll in the doll's house into a ballet dancer.

in the shoe, portrayed by Miss Shaw, and the children many of the toys and dolls he had been making since Summer.

Murray McIntosh received an encore with cries of "again, again," from a cheering audience for his solo dance in the Russian doll scene. Brenda Lister as "Dumbo," the baby elephant with the wide flopping ears, delighted the youngsters with a lilted dance to the tune of "Twitterpated."

Other dances receiving enthusiastic response were: Sailor dolls, little beach dolls, four beautiful dolls and fairies. As a finale, the entire cast sang "White Christmas" in response to a letter, read by Santa, which asked for snow on Christmas Day. Other letters asked for dolls for the girls, and guns for the boys.

Participating in the program were: Sandra Coombs, Catherine McElroy, Beverly Thomas, Patsy Butchart, Joan Cochlin, Julie Anne Friend, Barbara Watkins, Bonnie Green, Diane Abernathy, Beverly Hughes, and Barbara Peers, polka; Gerry McDonald, Sadie Burns, Dennis Kempton and Gayle Webster, merry-go-round horses; Rae Evenden, Shirley Commaide, Barbara Lloyd, Jacqueline Iyings, Eleanor Straith and Irene Young, pages; Brenda Lister, Shirley Bennett, Sheila McDonald, Helen Bennett, Marlene Millar and Betty Hawthornthwaite, and Shirley Commaide, maids; Jack Nixon, Billy Campbell, Wayne Benecroft and Clifford Horwood, cooks; Norma Wetmore, Diana Symons, Sharon Sea, Nancy Clack, Vivian Briggs, Wendy Sanderson, Patsy Southern, June Oakley, Patsy Anne Eagles and Jocelyn Young and Diane Watkins, sailors; Marlene Pearce, Anne Draper, four dolls in blue; Beverly and Jacqueline Iyings, Barbara Floyd, Irene Young, Sylvia Stone and Shirley Green, Russian dolls; Gayle Webster, Katherine Goodland, Shirley Green and Beverly Iyings, dolls on their toes; Diane Heaney, Isobel Henley, Cynthia Ross, Patsy Sennett, Shirley Smith, Kathleen Thornbury, Jacqueline Lewis, Andrea Fulton, Jill Verid, Shelia Clarke, Irene Campbell, Margaret Nixon, Joanne Wright, Patsy Prewerck, Edith

Premiere of "Tokio Express" at Royal Theatre

—R.C.N. Photo.

TOMMIE Rose and Lt. Arthur Lane as they appear in "Red Peppers," included on the program of the Royal Navy's brilliant revue, "Tokio Express," playing at the Royal Victoria Theatre Monday and Tuesday. The proceeds will be in aid of the Queen Alexandra Solarium and presentation is under the auspices of R.C.N. Special Services.

The revue was originally planned for presentation aboard a naval amenities ship bound for service with the East Indies Fleet. Planning suitable entertainment for naval personnel posed many problems. Not the least of these feared by Lt. Arthur Lane, producer of the show, was the Admiralty's ruling that no Wrens could be included in the cast. This knot, however, was completely unraveled by Lt. Lane, how well will be seen at the showings.

The performances at the Royal Victoria are the first to be given for the general public.

Execution of Amery Fixed for December 19 LONDON, Dec. 1 (CP)—The execution of John Amery, sentenced to be hanged after he pleaded guilty to high treason this week, has been provisionally fixed for December 19.

Amery, son of Leopold Amery, State Secretary for India in Winston Churchill's wartime cabinet, was a Nazi propaganda broadcaster.

Marshall to Hear China's Troubles

CHUNGKING, Dec. 1 (AP)—A report of China's fratricidal troubles will be submitted to General Marshall when he comes to Chungking, it was learned reliably today.

It was learned that Generalissimo Chiang Kai-shek would be assisted in his discussions with Marshall by Premier T. V. Soong and Foreign Minister Wang Shih-chiang.

War Minister Gen. Chen Cheng also is expected to attend, and it was reported that Gen. Ho Ying-Chin, commander-in-chief of the Nationalist Army, was coming here from North China for the talks.

Meanwhile, Chungking got a great lift from the official announcement of a new Soviet agreement under which the Russians will delay until January 2 their withdrawal from vital Manchuria.

This one-month postponement will give the Chungking Government time to send administrative personnel and troops into strategic cities of Manchuria ahead of Chinese Communists, who have been taking over areas as soon as the Russians retire.

Charge Youth With Theft of Aircraft

ST. PAUL, Minn., Dec. 1 (AP)—Robert Steiner, 20, of Goldenlake, Wash., has been named in a Federal indictment charging transportation of a stolen airplane in interstate commerce.

Steiner, recently arrested in Kenora, Ont., was accused of stealing a plane at Hudson, Wis., and flying it to the vicinity of Duluth, where it crashed in a growth of timber.

Federal authorities said Steiner had fled to Hudson after escaping from military confinement in Chicago.

The indictment was reported to be the first of its kind ever returned in the United States. A penalty, on conviction, of imprisonment up to five years, a \$5,000 fine or both, is provided under existing legislation.

Form New I.O.D.E. Group

Royal Roads Chapter, newest group to bear the I.O.D.E. standard, was formally inaugurated last night at an interesting ceremony at the home of Mrs. J. Hebban Gillespie, Fairfield Road.

The standard of the new chapter, donated by Mrs. R. J. Sprott, Vancouver, provincial organizing secretary, was presented by Mrs. P. E. Corby to Mrs. H. Brace, standard-bearer for Royal Roads Chapter, and a telegram of congratulations from Provincial Chapter was read by Mrs. W. R. Hobbs, who officiated for Mrs. Sprott. Most of the new group is "Quaqueque Vera."

Mrs. Curtis Sampson, representing National Chapter, spoke eloquently of the high purpose of the order, and told of work carried on since organization in 1900. Following this members read the affirmation of loyalty and Mrs. A. H. C. Phipps presented pins to each

Woodwards Announce Addition to Store

VANCOUVER, Dec. 1 (CP)—Woodward Stores, Limited, announced today a \$2,000,000 expansion program calling for a \$1,000,000 addition to the Vancouver store and another \$1,000,000 for an addition to the Edmonton store and new stores at New Westminster and Port Alberni.

A survey showed another \$1,500,000 is to be spent by Vancouver industries for expansion through work made possible by the release of building construction materials.

B.C. Labor Aids Strike With \$52,000

VANCOUVER, Dec. 1 (CP)—Organized labor in British Columbia has contributed some \$52,000 to the Windsor strike fund, Harold Prichard, secretary of the strike committee here, told a news rally last night.

He added that the committee now has for distribution some of the 100,000 postcards which workers in British Columbia are asked to sign and send to Ottawa. The cards ask Federal authorities to implement permanent legislation providing for compulsory collective bargaining and guaranteed security.

Milk Money Stolen

Mrs. Teresa de Giovanni, 1124 View Street, reported to city police yesterday that a purse containing about \$12 and personal papers had been stolen from her kitchen table, and some money had been stolen from milk bottles.

A minor epidemic of milk bottle thefts has been noted in recent days.

F. E. Benson reported that a shotgun valued at \$50 had been stolen from 629 Pandora Avenue.

Every Woman SHOULD KNOW

about **MERCOLIZED WAX CREAM**

Become ONLY MERCOLIZED WAX CREAM helps your skin in THESE four ways: 1—It actually makes your skin more lustrous, glossy, by making it more translucent, less waxy. This improves your natural coloring. 2—It peels invisibly dull, discolored outer-skin, revealing your protected skin beneath, lovelier and drier fresh. 3—It smooths coarse, grainy skin, makes the texture silky to touch. 4—It will make and keep your skin firmer and younger looking. This is the cream that gives you a radiant skin. So start with MERCOLIZED WAX CREAM today.

Shorten your skin to fresh loveliness with SAKOLITE-ASTRONIGHT. Tightens sagging tissue, reduces lines around eyes, cleans away every trace of make-up. Try it. At cosmetic counters everywhere.

Continuing Work On Ship Engines

Work is continuing on engines of the former Blue Funnel Line vessel *Ss. Agamemnon* at V.M.D. plant No. 2, H. B. Hammill, general manager, said yesterday.

The ship was being converted into an entertainment ship for the British Admiralty until less than two weeks ago, when the contract was canceled, resulting in the dismissal of nearly 900 workers.

Although mechanical work on the engines is being continued, Mr. Hammill explained, no official word has been received regarding disposal of the ship. It is thought possible

the vessel may be returned to her original owners.

Some work will also be required on the superstructure of the ship before she can go to sea, Mr. Hammill stated. No instructions had been received on this matter.

Workers at the plant, now numbering 850, are hoping the ship may be converted into a passenger ship at the local yard.

Meanwhile conversion work on a second former Blue Funnel Line ship, *Ss. Menestheus*, is being continued at a Vancouver shipyard.

MEET TOMORROW NIGHT

Sanich Board of Trade will meet in the Women's Institute Hall tomorrow night at 8 p.m. to consider the report of the water committee and other business.

Letters to Editor

No letter to the editor will be inserted except over the proper signature and address of the writer. This rule admits of no exception. No letter should exceed 200 words in length. Unpublished correspondence cannot be returned.

FASTERIZATION

Str.—Addressing a meeting of the Vancouver, New Westminster Trades and Labor Council recently on the need for compulsory pasteurization of all milk offered for sale in British Columbia, the general director of the British League of Canada, according to press reports, had this to say:

"It's just ignorance and apathy of the general population that prevents compulsory pasteurization."

As a matter of actual fact it is

neither the one nor the other of the reasons given by the speaker, but is a faulty diagnosis on his own part. I shall not dwell on the gratuitous and wholly unmerited slur cast upon the people of the province, further than to say that such remarks might be pardoned in a very young and inexperienced public speaker, but certainly in no other.

Let us, for example, examine another remark of the same speaker, wherein he is reported to have said:

"Raw milk is probably responsible for more deaths than all the wars in history."

I submit—in all humility that with equal justification and much greater reason—that one might say, raw milk is probably not responsible for more deaths than all the wars in history. Both remarks are valueless as either evidence or statistics, as they do not mean a thing.

But let us return for a moment to the "ignorance and apathy" quotation. The speaker evidently sensed that he had made a mistake in making the remark, and in the very next paragraph he sought to mitigate the blunder by telling his audience of the great benefits Toronto had received in the very first year of compulsory pasteurization. I quote reports:

"When compulsory pasteurization was introduced in Toronto in 1914, the infant mortality rate dropped one-third in only one year."

The attempt to capitalize on this record appears to have gone no further than the record of the first year. In prospectus so pleasing, and with only two-thirds of the infant mortality remaining, one could almost have forgiven this adventurous director had he exclaimed: "Now that the war is ended, we intend to wipe out the other two-thirds in the next two years."

Unhappily we hear no more of

Toronto's record, but perhaps I might be forgiven if I raised the curtain just a little. If my memory serves me, now after 31 years since that memorable date of 1914, with all campaigns and publicity at their disposal, this pasteurizing Health League of Canada, finds itself with an infant mortality in Toronto greater than that of the city of Vancouver, B.C. This is the province which allegedly "lags behind" and whose population is called ignorant and apathetic.

Again, to quote from the same source:

"T.B. of the bone, of bovine origin, has entirely vanished there (Toronto)."

As to the necessity for this much outdated testimony, let me refer my readers to the following statistics:

Speaking before the Duncan Rotary Club on the subject of tuberculosis, on November 22, 1938, a little over seven years ago, Dr. P. Kincaid, medical director, Victoria Unit, tuberculosis division, Provincial Bureau of Health, British Columbia, had this to say in answer to questions:

Q. "Doctor, do you estimate for both pulmonary and non-pulmonary T.B.?"

A. "Yes, but we find very little of the non-pulmonary. Practically none in British Columbia, and the average is pretty much the same all over Canada. We do not treat any but pulmonary, as non-pulmonary is not infectious and not a danger to health."

Q. "What would you say the proportion was as between the two?"

A. "We have had very little non-pulmonary for the last 25 years."

Here, then, you have the testimony of an expert on T.B., a gentleman who has spent a great part of his professional life doing special work as medical director, Victoria Unit, tuberculosis division. This is what he told us seven years ago. You will not fail to notice that for 25 years prior to that date there was very little in the whole of Canada, and practically none in British Columbia. Now, 32 years after the date from which our own expert assured us that the incidence of the disease was negligible here, we have the spectacle of the Health League of Canada sending its director out to this province to describe the ravages of the disease, and to somewhat boastfully inform us that this dangerous malady had vanished in Toronto.

One cannot but wonder what the reason is for the nation-wide campaign in that city for the urgently needed extension to the Hospital for Sick Children located there.

W. B. CLAYTON.

P.O. Box 144, Duncan, B.C., November 30, 1945.

Princess Royal To Visit Scots

Her Royal Highness, the Princess Royal will inspect the First Battalion, The Canadian Scottish Regiment, at Aldershot December 4, according to word received here yesterday by Col. H. M. Urquhart, D.S.O., M.C., Croix de Guerre, colonel of the regiment, and Capt. H. S. C. Archibald.

This will be followed by a ceremony in London on December 6 when 140 officers and men of the First and Fourth Battalions will exchange gifts with The Royal Scots.

The Lord Mayor of London will inspect the units and will entertain at luncheon following the ceremony.

At that time Major V. R. Scheldrup, D.S.O., M.C. and Bar, Courtenay, will command the Canadian Scottish force.

Confirmation was received at regimental headquarters here yesterday that the ceremony will be broadcast by the C.B.C., and that the Canadian Press will give full news photo coverage.

Sees Men Run After Theatres Burglarized

Two men who were seen jumping a fence at the side of the B.C. Telephone Company Building at 3 a.m. Saturday morning are believed to be those who broke into the Dominion and Plaza Theatres earlier.

With the exception of \$2 in stamps and a five-cell flashlight from the Dominion, no other articles have been discovered missing by the theatre managers, Cliff Denham and A. M. Davidson, who were called to the scene by police.

Charles Bland, telephone building fireman, reported seeing the two men jump over the fence. An immediate police investigation was started.

Entry to the Dominion Theatre was gained through a side window and to the Plaza by an alley door.

Publishes New Map Of Cowichan Lake

Hunters, fishermen and residents of Vancouver Island will be interested to learn that an up-to-date map of the Cowichan Lake area is now available. This has been compiled by Joseph B. Davenport and published by the Island Blue Print and Map Co., 718 West Street.

It covers the whole of the Cowichan Lake area, including Robertson River, and shows all subdivisions, L.R.O. plan numbers, timber blocks, roads, trails, railways and old logging grades. Elevations of the various mountains, game and forest reserves and an inset of the Lake Cowichan village area and added features.

Bishop H. E. Sexton Returns From East

Bishop Harold E. Sexton, Bishop of Columbia, returned to Victoria yesterday accompanied by Dean S. H. Elliott, following a meeting of the Church of England General Synod in Toronto.

Projected revision of the Canadian Book of Common Prayer was one of the important matters placed before the council.

Last Sunday, Bishop Sexton preached in St. James Cathedral at a special Thanksgiving service for Americans in Toronto.

DAVID SPENCER LIMITED

DAD LIKES

brushing his teeth with

CUE DENTAL LIQUID

DAD SAYS—"CUE is the favorite with our whole family because it's a dentifrice and mouthwash in one."

JANIE SAYS—"My teeth look so-o-o bright when I brush them with CUE...and it makes my mouth feel fresh and clean. And CUE looks nice too—I like its pretty ruby-red colour!"

JOHNNIE SAYS—"Mom doesn't have to coax me to brush my teeth with CUE, 'cause CUE tastes swell. And it sure is fun 'cause CUE gives lots of foam."

CUE is safe—no acid, and no abrasives to harm delicate enamel or tender gums.

CUE saves you money!—you need only 1-2-3 drops at a time.

CUE is the really better way to clean mouth, teeth and breath all at the same time.

Two sizes—20¢ and 35¢

KNOW WHAT

One Reindeer Said

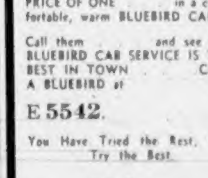

TO THE OTHER . . .

"Now if Santa were wise like Victoria ladies, he'd ENJOY Christmas by travelling around in the ease and comfort of a BLUEBIRD CAB."

Yes, ladies, ride into town for a few cents more than a street car ride with FIVE RIDING FOR THE PRICE OF ONE in a comfortable, warm BLUEBIRD CAB.

Call them and see why BLUEBIRD CAB SERVICE IS THE BEST IN TOWN. A BLUEBIRD at E 5542.

You Have Tried the Best. Now Try the Best.

United Kingdom and Overseas Dominions Black Record

CAPETOWN (CP)—A brochure on the black record of South African nationalism during the war, just

party late last of dissemination of Nazi propaganda, insults to soldiers and "leaders' opportunism."

The brochure is described by the United Party as a "record of foolishness, treachery, and hysteria by political leaders obsessed with the idea of the omnipotence of the Nazi ideology." The publication says that the Government's policy of ignoring "the rantings of political sharpshooters" was justified as sharpshooters would have served to increase the prestige of offenders in the eyes of their followers.

Instead of nationalist leaders "figuring in history as martyrs they will have to take their place as clowns," the brochure says.

Housing difficulties are receiving increasing attention in the Union's newspapers and authorities have warned owners of vacant houses that unless they rent the Government will take them over. Returned

Corvettes on Patrol

LONDON (CP)—Royal Navy corvettes are operating as air-sea rescue service on trans-Atlantic air routes, with seven points in the east Atlantic continually patrolled since before "V-E" Day when traffic was increased.

LT-Comdr. A. C. Palmer, of Surrey, commanding officer of the H.M.S. Berkeley Castle, said that on a recent patrol "the station turned out to be a real Piccadilly Circus of the Atlantic. More than 600 aircraft passed over us during the patrol, all communicated with by radio telephone, although few were seen because of their height."

Two main trans-Atlantic routes are in use—one running from Britain to Iceland and the other from Casablanca to the Azores.

Colorful Figure

LONDON (CP)—Bearded Richard Clithero, 43, is a colorful figure in Britain's new Parliament, but his heart still is with Canada where he served in the Royal Canadian

Mounted Police. "I love Canada and I am quite determined to go back there some day," he said to The Canadian Press.

"That country really got in my blood."

Now Labor member of Parliament for Edgely, Liverpool, Mr. Clithero served with the Mounties for five years, 1920-22, chiefly in Southern Saskatchewan. He said he held the rank of corporal.

He returned to England to study as a pharmacist and went to Ottawa in 1926, remaining only a short time before traveling to the United States and then to China. He was last in Canada in 1929 on his way home from the Orient, but his wife and children were evacuated to Montreal in 1940 and returned to England last year.

In his maiden speech in the House recently, Mr. Clithero caused surprise by announcing he was in his final year as a medical student. He managed to keep up his studies at Liverpool University throughout the heat of the general election campaign and he still spends every spare moment "swotting" for his final examinations.

The owner of a chemist's shop, Mr. Clithero does not propose to practice as a doctor. He said he will use his knowledge to assist legislation he considers necessary, especially recognition and compensation of health workers, nurses and medical students who became victims of tuberculosis because of their employment.

Many attending tuberculosis patients themselves became afflicted with the disease, Mr. Clithero said. They should not be given the added anxiety of wondering what would become of them if they became ill.

"I wish to put it up to the hospitals to prove that the girls do not contract tuberculosis through their work," he added.

This accomplished, he will ask amendments to the Industrial Injuries Bill to include health workers who suffer because of what they have done for their communities.

Highlighted by Riots
CAPETOWN (CP)—Main topic of the Nationalist party congress deliberations at Johannesburg was the "Communist danger" in South Africa and many speakers called for a continued fight against it.

Disturbances outside the City Hall at Johannesburg, where the congress was held, were described by speakers as the first clash in the fight.

There was wild rioting outside the City Hall when the Nationalists organized a "victory" parade through the city and clashed with a huge crowd of soldiers and civilians. The riot assumed serious proportions when the police were forced to use batons to protect congress delegates from a crowd trying to force entrance into the hall.

On the following day almost the whole downtown police force was concentrated around the hall and the congress finished a day earlier than scheduled. More than 125 were injured in a series of scuffles.

Urge Identity Cards
LONDON (CP)—Abolition of passports and visas and greater use of identity cards is being recommended to governments by "Popularis," an international body set up with headquarters in Switzerland for the encouragement of travel among workers of all nations.

Ernest W. Wimple, British representative on "Popularis," said that during the war identity cards had been used as passports between Great Britain, France, Belgium and Switzerland. This system might be used permanently for travel, the organization said.

Coventry Cathedral to Rise Again

With the sanctuary of the ruined cathedral forming a silhouette backdrop, 71-year-old Stone-Cutter Jack Forbes trims one of the great cornice stones that will be put back into rebuilt Coventry Cathedral. The historic edifice was razed by the German bombings when this city was subjected to a merciless dusk-to-dawn bombardment by the Luftwaffe five years ago. The bombing of Coventry put a new word for destruction into the dictionary.

Air Service Planned

CAPETOWN (CP)—An air service between the Union and Britain will start about the middle of November, Claude Sturrock, Minister of Transport, announced at a meeting of the South African Air Transport Council. One York aircraft will operate each way.

Mr. Sturrock told the council aviation in this part of the world could not achieve its full promise until all nations in South Africa were brought into the picture fully. Only interim replies had been received from the governments of Belgium, France and Portugal to invitations to be represented on the council.

Discussion on a United States proposal to operate a service to South Africa at low fares had taken place at the international conference on civil aviation at Chicago late last year. But Mr. Sturrock told the council, no commitment had yet been made, although the Union had not been idle and was endeavoring to cultivate a realistic as well as comprehensive approach to the complicated problems of international aviation.

There may be a maize crisis in the Union soon as it is difficult to obtain imports to make up for a short local production of 4,500,000 bags, Dr. C. H. Neveling, secretary of agriculture, announced. He promised African supplies would not be cut further, but if necessary quotas set for stock and poultry would be cut further.

A comprehensive scheme of supplying food to the drought-stricken native areas is now being undertaken. Mobile and central markets are being set up.

Big Migration Plan

CANBERRA (CP)—Australia hopes to get as many as 30,000 European war veterans. In announcing this, Immigration Minister Calwell said that Australia might seek 20,000 Poles who have been serving with the R.A.F.

Migration plans also include the bringing to Australia of 30,000 European war orphans. Some of these are to come from Britain, but it is expected that most will be from the Continent.

Mr. Calwell has put Australia's maximum absorption capacity in good times at 70,000 a year. It is hoped that the 50,000 children will reach Australia within three years. The minister has also stated that no migrant will be assisted or encouraged to travel to Australia unless his or her economic future is reasonably assured. Much depends on postwar prosperity.

Farm Mechanization

LONDON—Today British agriculture is the most highly mechanized in the world. With more than 30 tractors to every square mile of territory and seven tractors to every square mile of arable land. One important feature of this wartime development has been the stress laid on the mechanization of small holdings. The National Institute of Agricultural Engineering has recently been demonstrating farming equipment which included machines specially adapted for use on small farms. The demonstrations covered machinery for sugar beet harvesting, grain harvesting, drying and handling, and ploughs and cultivators. Machinery exhibited included new types of potato diggers, sugar beet drills, binders and harvesters. The Institute has record of many advances in the use of ploughs, harvesters and cultivators. To take one example, up to now farmers using combine harvesters have experienced difficulty in ploughing in straw which tends to wedge under ordinary coulters. To obviate this handicap the Institute has developed a corrugated disc coulters which by continuously rotating easily works in straw and long stubble.

SCIATICA SUFFERERS

Does stabbing, piercing pain of Sciatica in your hip and thigh make life a misery? Do as thousands have done. Get quick relief with Templet's T.R.C. and lead the normal, active life you long for. Don't suffer another day. Get T.R.C. and stop that miserable pain—now! 50c, \$1—at drug stores everywhere. T-36

Farm and Gardens Apiary Results

Experimental Farm News

Numerous projects have been conducted in the apiary at the Dominion Experimental Farm, Brandon, Man., since 1933. Colonies on scales, from May until the end of

major honeyflow from sweet clover has shifted from July and August to the latter part of June, July and early August. Hourly weighing during July, August and September, have demonstrated that a colony may show a gain of 3½ pounds in one hour and 26½ pounds over a 24-hour period, states E. Brain, Dominion Experimental Farm, Brandon, Man.

A comparison of Canadian, Canadian and Italian races of bees provided relatively little difference in the total yield when not divided, but when divided in May the darker races built up more rapidly and the total yield from the parent colony and increase was greater from the darker races than from the Italian race.

In trying to determine the cause of superseding of queens in package bees it was found that neither the state of origin of the packages, the supplier, the method of raising the queen, attended or unattended, the method of shipping or the type of comb or food supplied were the direct cause of superseding taking place, because queens reared in over-wintered colonies never touched by human hands, had higher percentages of superseding than package bee queens.

Wintering outside without any immediate protection around the hives, the use of building paper, ten-test, balsam-wood, single and double wooden cases with planer shavings, with top and lower entrances, have demonstrated the superiority of balsam-wood to other insulating materials when used with either top or lower entrances.

Five-frame nuclei may be successfully over-wintered outside, while three-frame nuclei may be successfully over-wintered in the cellar. From limited data, three-frame

Number Farm Stocks

The annual survey of the numbers of livestock and poultry on farms in Canada as at June 1, 1945, showed an increase in cattle and turkeys, with a decrease in the numbers of horses, hogs, sheep and swine. Since 1940 the numbers of cattle on Canadian farms have been increasing every year and on June 1, 1945, reached the highest level yet recorded, with a total of 10,736,600 head. This is an increase of 4 per cent over the 10,345,800 head recorded on June 1, 1944. Most of the increase occurred in cattle other than milk cows. Milk cows at 3,998,200 in 1945 showed a very slight increase over the 3,929,600 head at June 1, 1944. The most marked increases occurred in Ontario and the Western Provinces, with slight declines being shown in Nova Scotia, New Brunswick and Quebec.

The gradual decline in the number of horses on farms reached its lowest point on June 1, 1945, since 1910, the 2,584,800 head in 1945 being a further reduction of 5½ per cent from the 2,735,050 head reported on June 1, 1944. All provinces showed a decrease in the number of horses, ranging from a reduction of 8.8 per cent in Manitoba to 1.1 per cent in New Brunswick.

For the first time since 1941 sheep on Canadian farms in 1945 showed a slight decline. The numbers at June 1, 1945, were 3,621,800 as compared with 3,725,550, a reduction of 2.8 per cent.

The numbers of hogs on farms on June 1, 1945, showed a reduction of 22.2 per cent from the corresponding date in 1944, bringing the numbers down to slightly below the 1941 level.

The number of hens and chickens on farms at June 1, 1945 (84,724,800) showed a small reduction of 2.4 per cent from the 86,792,300 reported on June 1, 1944.

An increase of 0.6 per cent was recorded for turkeys on farms with 3,325,600 reported on June 1, 1945, compared with 3,306,200 at the corresponding date in 1944.

World Meat Supply

In order to promote better understanding of the fundamental problems underlying governmental measures relative to meat, a basic study of the world situation has been issued as a 40-page supplement to "Agriculture Abroad" under the title of "The World Future of Meat After the Transition Period."

In addition to its primary purpose, the supplement serves to illustrate the oneness of the world's future agricultural surplus problems. This oneness does not permit of local solutions but accentuates common international planning as the real hope for enduring settlement.

In an effort to bring together information and points of view for discussion, the editor, L. Lorincz, Economics Division, Marketing Service, Dominion Department of Agriculture, stresses the indivisibility of the commodity surplus problem that may face the world. That problem can be met only by concentrated efforts to raise the level of human consumption and increase the volume of international trade. The subject will be reviewed in a future issue of "Agriculture Abroad," which is published by the Economics Division.

Jersey Cattle Club

Two outstanding Jersey records have been made at Bellavista Farms Ltd., Milner, B.C. These two great producing cows are half sisters, both being by the famous sire, Lindell Signalman's Standard, 96006, rated by many as one of the most outstanding sires in Canada.

Moy Triske, 91107, at nine years of age has produced 14,078 lbs. of milk, 702 lbs. of fat in 365 days with an average test of 4.99% while Moy Marion, 95783, has produced 14,847 lbs. of milk and 721 lbs. of fat in 365 days with an average test of 4.86%.

These cows, if they freshen in time, will be awarded Gold Medal Certificates by the Canadian Jersey Cattle Club.

Poultry of Quality

By trapdooring, pedigree breeding, progeny testing, and individual and family selection, poultry flocks of high quality have been built by the Poultry Division, Experimental Farms Service, Dominion Department of Agriculture at Ottawa and branch farms throughout Canada.

Breeding stock of this quality is distributed every year among farmers and poultry keepers at reasonable prices and gradually the quality of poultry in Canada is being improved.

Health Hint for House Ferns

By DEAN HALLIDAY
Released by Central Press Association

This is the time of year to give your house ferns a health inspection. In examining them watch carefully for evidence of insect pests such as the mealy bug, thrip and red spider.

The red spider is so small it cannot be seen easily with the naked eye, but its presence is revealed by small brown spots on the underside of the fern fronds, and by the leaves turning somewhat yellow, and some cases falling from the stems.

off the underside of the foliage every day with red water.

An easy and effective method of giving the "water cure" to ferns or any other house plant is illustrated in the accompanying Garden-Graph. Hold each plant sideways or upside down under the bathroom shower.

This treatment will prevent the appearance of red spiders, or rid the plant of the pests if it has already been attacked by them.

When examining house ferns do not fall into the error of mistaking the brown tiny spores for red spiders or any other insect pest. These are not bugs, as is often suspected, but the spores or seeds of the fern, as illustrated.

Fix Minimum Price

The Special Products Board has announced that it is authorized to guarantee to producers five cents a pound as the minimum value of participation certificates issued on seeds of alfalfa, alsike clover and alsike-white, clover mixture, and three cents a pound in the case of red clover seeds.

board's transactions are dependent upon exportation time for 1945 seed. Participation certificates will not be issued after March 31, 1946. Should net profits made by the board on the export of any of these seeds exceed the minimum the certificate value of that kind of seed will be increased accordingly.

On seeds exported from the 1944 crop the board was able to exceed the guarantee of alfalfa, paying 7.7 cents a pound, and for red clover, paying 1.04 cents a pound on participation certificates. The guaranteed minimum was paid on seeds of alsike and alsike-white clover mixture.

The purpose of guaranteeing a minimum value of participation certificates this year, as last, is to encourage the saving of seed from crops of the current year.

FOOD FOR EUROPE
UNRRA has provided 1,309,964,960 pounds of food, mostly in Greece, Yugoslavia, Albania, Czechoslovakia and Poland.

NOW WATCH IT HAPPEN TO YOUR TEETH...

PEPSODENT'S 7-DAY MIRACLE OF DENTAL WHITENESS

Yes! Pepsodent Tooth Powder with IRIUM will give your teeth the whiteness that comes only from this dental cleanliness

When your dentist cleans your teeth it's amazing how white—how bright—how film free he gets them. That's real dental whiteness and he relies on powder. You see, unless dull, dingy film is removed, it hardens—darkens—turns into harmful, ugly tartar. And Pepsodent Tooth Powder with Irium is especially made to remove that trouble-causing film—gently, but thoroughly. Pepsodent Tooth Powder even tastes cleaner, brighter! So change to Pepsodent Tooth Powder and enjoy dental whiteness! You can see the difference in your teeth in just one week.

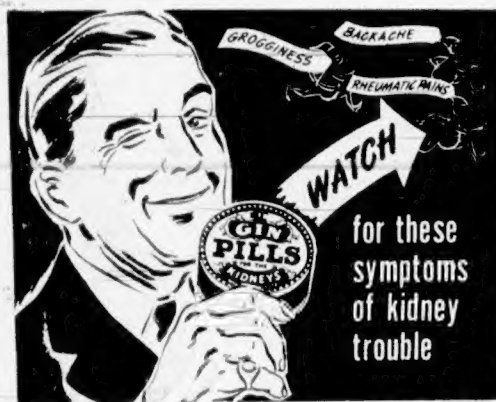

Only Pepsodent
Tooth powder makes
this promise of
DENTAL WHITENESS

THE DIFFERENCE IS IRIUM AND

PEPSODENT IS THE ONLY TOOTH POWDER THAT CONTAINS IRIUM

You can't feel right or be right if your kidneys are out of gear. Sluggish kidneys fail to eliminate poisons from the blood, with the result that pains, aches and tiredness drag you down. The thing to do is to get the kidneys in good order—doing a full time job.

That's where GIN Pills can help. This fine old family medicine has helped correct kidney trouble for more than forty years. GIN Pills for the kidneys, have a worthy record. They're sold on a satisfaction-or-money-back basis.

Get a box of GIN Pills from your druggist today. Take them as directed and see what they can do to help your kidney ailments.

Northern Electric

CANADA'S FIRST NETWORK BROADCAST
For the first time in Canadian radio history, in December, 1945, Northern Electric produced a network broadcast over two stations, CHYC Montreal and CNRO Ottawa. Today, as then, Northern Electric radio brings you the best things first! For the best in all electrical equipment, look for the name Northern Electric.

"FORWARD WITH CANADA" QUEBEC

"THE WALLED CITY"

In all North America there is only one walled city—Quebec. In all the world there is no other monument like that which stands within the shadow of Quebec's ancient walls. For here, in the heart of two great empires, the French, Montcalm, the English, Wolfe, stands a single monument to the new unity born between the peoples of this new land of Canada.

Greater than her monument, more enduring than her walls, is Quebec's spirit of understanding and tolerance, her vision of a world of permanent peace. Here, in the famous Chateau Frontenac in the dark days of war, met Churchill and Roosevelt, leaders of two great freedom-loving nations, to make their plans to free the world from tyranny. Truly Quebec, with her sturdy, hardworking citizens looks over "Forward With Canada."

Northern Electric takes pride in its growth, and Canada from small beginnings to a national electrical service... takes pride in its opportunity to serve this glorious country.

Chesterfield Regains Football Leadership

Defeats Blackpool, 2-0, Before 19,000 Fans—Charlton Athletic Blanks Liverpool, 4-0

LONDON, Dec. 1 (CP).—Chesterfield, leader of League South, today won its first home game in the championship, defeating Blackpool, 2-0, before 19,000 fans at the club's stadium.

The victory was a significant one for the club, which had been struggling in the lower reaches of the table. The goals were scored by two different players, showing the team's attacking prowess.

In League South, Charlton Athletic, who had been in the relegation zone, today secured a 4-0 victory over Liverpool, regaining their position in the top half of the table.

The match was a tactical one, with Charlton's defense holding firm against Liverpool's attacks.

The result was a relief for the club's supporters, who had been worried about the team's future in the league.

The victory also boosted the morale of the players, who were now confident of their ability to win at home.

The match was a classic example of the importance of home advantage in football.

The result was a testament to the team's hard work and determination.

The victory was a significant step towards the club's goal of promotion.

The match was a tactical one, with Charlton's defense holding firm against Liverpool's attacks.

The result was a relief for the club's supporters, who had been worried about the team's future in the league.

The victory also boosted the morale of the players, who were now confident of their ability to win at home.

North Shore Turns Back Kerrisdale

VANCOUVER, Dec. 1 (CP) — Fred Whitaker, paced North Shore United to a 4-0 victory over Kerrisdale in the final game of the season.

Whitaker, who scored the first goal, was the star of the game. He scored four goals in the first half, and the game was over in the 15th minute. Kerrisdale's only goal was scored in the 25th minute.

Ward 5: Mr. J. U. Purple, Mr. J. V. Pink, Mr. J. W. Orange, Mr. J. X. Brown, Mr. J. Y. Green.

Falling for Veronica's Charms

It's certainly the little Veronica who Veronica takes around in Paramount. Out of the Wood, starring Monday at the Capitol Theatre. Veronica, who is star with Veronica and Diana Lynn, plays the role of a spoiled brat who's voice has that far-off Crosby ring.

Dominoes Beaten By Varsity

VANCOUVER, Dec. 1 (CP)—University of British Columbia Thunders

venge for the basketball drubbing handed to them in Victoria last week, by taking Victoria Dominoes, 73-56, in a return exhibition tilt here tonight.

Before a capacity house, the Birds got away to a flying start and except for a very brief period during the second half when Purky Andrews managed to "knot" the score at 38-all, dominated the play throughout. The Islanders were never out of

the fight, however, until the last five minutes of the contest when Norm Baker, who repeated his 28-point performance of a week ago, left the floor on personnel.

Until that time, the blond bombshell engaged the best efforts of the winners in a well-nigh futile attempt to check his uncanny accuracy from any angle and on any type of shot.

Scoring almost at will during the first half—the game was played under American rules—Baker's sin-

within four points of the Thunders. Of the Dominoes 28 total at this point Norman had racked up 17. The Birds hit the halfway mark with 32.

After the change-over, both sides played them close to their chests until Thunderbird Harry Kermode broke the game wide open again with three consecutive field goals within the space of two minutes. Thereafter the boys went to work

and with the Baker-Andrews combination clicking at last the home-town rosters spent a few anxious moments until Varsity settled down to some serious point-potting on their own.

Matching the earlier effort of Harry Kermode, diminutive Ron Weber surged to the fore with several accurate shots that had the Dominoes reeling behind an 11-point deficit from which they never fully recovered.

Teams and scores follow:

Baker 28, Straith 8, McKeachie, Wright 4, Dale, Nicol 2, Hall 2, Total, 56.

Varsity: Robertson 8, Sykes 10, Baker 17, Weber 14, McGeer 5, Clarkson 3, Nicol 5, Henderson 2, Franklin 2, Kermode 10, Total, 73.

Clippers Lose To Cubs, 6-2

NANAIMO, Dec. 1 (CP)—Blasting through six goals in the final frame of tonight's Pacific Coast Junior Hockey League game, New Westminster's Hillside Cubs defeated Clippers, 6-2, to take a firmer hold on the second place in the tri-city circuit standings.

Trailing, 1-0, going into the final chapter, Cubs knotted the score at 5:25, Barclay taking Douglas' relay to beat Bentley in the Nanaimo net. Clippers went to the fore at 8:40 as Bannan and Prestley crashed the Cub blue line with the former doing the netting. But that was all for Clippers in the scoring line.

At the 12-minute mark, Douglas and Barclay again combined to tie up the game, and from then on the Nanaimo iceemen wilted noticeably as New Westminster, quick to take advantage of the lapse, proceeded to really turn on the heat.

Goals by Robertson, who sniped three, and a singleton by Barclay, completed the Clipper rout. Clippers' first goal came in the opening stanza, Magliani scoring to the top corner on a pass from Bannan.

Cubs, in going to town in the third period, outshot Nanaimo, 25-8. The teams divided 36 shots in the first two frames. New Westminster were without the services of Fred Hildebrand, who sustained a broken collar bone in Friday night's practice on home ice.

SUMMARY
First Period—1, Nanaimo; Magliani (Bannan), 18:40. Penalties: None.

Second Period—No score. Penalties: None.

Third Period—2, New Westminster. Barclay (Douglas), 5:25; 3, Clippers, Bannan (Prestley), 8:40; 4, New Westminster; Douglas (Barclay), 12:25; 5, New Westminster; Robertson, 14:45; 6, New Westminster; Barclay, 16:15; 7, New Westminster; D. Robertson (MacDonald), 17:10; 8, New Westminster; Robertson, 18:40. Penalties: Larsen, Koehle 2 minutes.

SOCCER MEETING
A meeting of the Lower Island Junior and Juvenile Football Association will be held at the Eagles Home, View Street, Friday evening at 8. All clubs are asked to have delegates present.

Fighting Woman Reeve Makes History in Gold Mining Town

By JIM HORNICK
Canadian Press Correspondent
KIRKLAND LAKE, Ont. (CP)—Fighting Ann Shipley, reeve of Teek Township, is making history both for herself and the rich gold mining camp over which she has civic jurisdiction for seven years.

One of the very few women in Canada today to have attained such high office in the municipal arena, Reeve Shipley controls the destinies of some 24,000 people in an area which has never been incorporated—that even as a village.

Although the population of Teek Township has long been sufficient to bring it city status and its chief magistrate the rank of mayor, this has never been done due to the added tax burdens it would bring. Kirkland Lake is neither village, town nor city. It is just an over-

sized settlement which serves as capital and showplace of the township. This is where Ann Shipley and her all-male council holds forth.

A widow since 1941 when her husband, Dr. Manley Adair Shipley, died, she has won for herself a reputation of accomplishment and ability which has no parallel at least in this part of Ontario. She has also won for herself an affectionate nickname, "The Lady of the North."

It was at the recent annual conference of the Association of Ontario Mayors and Reeves that Premier George A. Drew flung the title on Teek Township's widely-known municipal chief. The association's president, Mayor George R. Inglis of Niagara Falls, and others, concurred. The title has stuck since. Reeve Shipley was chairman for

two terms of the Association of Mining Municipalities of Northern Ontario, and as such, was instrumental in extracting from the Government a promise that the vexing mines taxation structure would be altered. This is a problem on which mining centres have been urging action for the past decade.

ON SCHOOL BOARD

It was in 1938 that Mrs. Shipley first decided to toss her hat into the ring. She was elected to the public school board. The following year she was re-elected and in 1941 became a member of council. The following year she was defeated in her first reelection fight but was successful in 1943.

Throughout the war when mining expansion was throttled by Federal restrictions on men and materials, Kirkland Lake suffered more than its share of severe setbacks. Tax revenue could not begin to keep up with the upkeep costs of modern municipal services which had been instituted during the days of plenty. Through the work of Reeve Ship-

ley and others in council, Teek Township went under provincial supervision with the Ontario Government underwriting the entire cost of operation—thus saving this community from becoming a poverty stricken ghost town.

Now that all centres of gold mining are experiencing new booms, workers returning to Kirkland Lake are finding everything in good order. Details have been ironed out for

specimens to relieve the already acute housing situation and the municipal staff stands ready with the blueprints and the experience to do their part in the big conversion program. Just 47 years of age, Ann Shipley is the mother of three children. She was born near St. Thomas.

E. W. White, horticulturist, will give a pruning demonstration to members of the Victoria Horticultural Society in the City Hall, December 4 at 8 p.m. Officers for the coming year will be elected at the annual meeting to be held January 8.

The Body Regulator

By Dr. J. B. WARREN

The thyroid gland in the neck manufactures a juice—thyroid extract—that prevents the various processes of the body becoming sluggish; this juice speeds up all processes. If too much is manufactured and carried around the body in the blood, the heart beats too fast, the limbs tremble, any extra flesh on the body is burned up or used, and the patient is too thin. If not enough

juice is present the body processes slow up—heart beats slowly, mind not so alert, fat accumulates upon the body and the individual becomes heavy and sluggish mentally and physically.

Boy Scout News

When the North Quadra Troop met on the evening of December 1st, several awards were made.

Two former cubs, Lowell Pidd and Sidney Bell, were invested. The Beaver patrol gave up the honor penant to the Cougar patrol. Program for the night included games and patrol work.

A parents' meeting will be held on Tuesday.

One patrol of First Colquitz Troop held shooting practice at the meeting Friday night while the remainder of the troop received instruction on first aid from George Church.

Lesley Kreaker was welcomed into First Colquitz Pack on Wednesday.

day. It was decided that the pack will hold a "splash party" at the Crystal Garden this week.

Several awards were made at the weekly meeting of First Tillicum Cub Pack on Monday. Bobby Cooper was invested as a cub and received the Tenderpad badge. Promotions included Keith Wilson to sixer of the Red Six and Billy Barker to second; Lyle Blais to second of the

Brown Six, and George Cooper to second of the Gray Six. Ralph Stevens and George Cooper received the collector's badge and the maker's badge. Wayne Beecroft, Glen Stewart, Paul Jones and Johnny Carr were presented with the first year service star. The meeting closed with the grand howl and the cub prayer.

Parents of North Quadra Cub Scouts will hold a meeting Tuesday at 8 p.m. in the Scout Hall. Sixes were reorganized at the regular meeting on Wednesday and cubs were reminded of the bird house competition.

James Bay Cub Pack welcomed the new Akela, Mr. West, at the regular meeting on Thursday night. Gavin Ballyntyne was promoted to sixer of the White Six.

Games and Scout work featured the meeting of the Third Victoria Scouts at headquarters on Friday. Ed Stacey passed scout's pace and Kim's game. Don Hendry passed Kim's game. Bill Hurst was made troop scribe. After the meeting a court of honor was held.

Gas Model Contest Scheduled Shortly

On December 26 the "Thermal Thumbers" gas-model aircraft club will sponsor an open contest for all local model enthusiasts at the old airport site, Lansdowne Road. Competition will last from 11 a.m. to 4:30 p.m., but no contest will be held in the event of rain or strong wind. More than 20 entries are expected.
